MICHIGAN STATE
UNIVERSITY
EXTENSION

Benchmarking is a tool designed to help local governments improve services and potentially decrease costs. While benchmarking is an important and useful tool for most local governments, tough fiscal times in Michigan necessitate new and innovative ways to satisfy constituent needs under the strain of fewer resources. The purpose of the Michigan Local Government Benchmarking Consortium (MLGBC) is to bring together cities, townships, villages and counties from all over the state and produce meaningful and relevant performance measures for the purpose of benchmarking and sharing of best practices.

Name of Local Government or Firm:

Contact Information

Name:

Title:

Email:

Address:

City/Zip:

Daytime Phone:
